DETAILED ACTION

Double Patenting

1. Claims 20, 21, 22, 23, 24 are objected to under 37 CFR 1.75 as being a substantial duplicate of claims 11, 13, 16, 18, and 19. When two claims in an application are duplicates or else are so close in content that they both cover the same thing, despite a slight difference in wording, it is proper after allowing one claim to object to the other as being a substantial duplicate of the allowed claim. See MPEP § 706.03(k).

Applicant has attempted, unsuccessfully, to characterize these sets of claims as combination and subcombination. However, the preamble is not limiting *Kropa v. Robie and Mahlman* 88 USPQ 478 (CCPA 1951), and both sets require the combination roof structure in the body of the claim. Further, applicants' use dual comprising clauses in both sets of claims. Since the details of the vehicle are required in both sets of claims, there is no distinction therebetween. For example, claim 11 can be read as a system with all details of the vehicle under the first comprising clause as well as the second comprising clause. Claims 20-24 can be read as a vehicle with all details of both comprising clauses.

Allowable Subject Matter

2. Claims 11-19 are allowed.

Response to Arguments

3. Applicant's arguments filed 1/14/2008 have been fully considered but they are not persuasive. Please see the detailed analysis above.

Conclusion

4. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
